TOWN WARRANT

STATE OF NEW HAMPSHIRE CARROLL SS.

To the inhabitants of the Town of Conway, County of
Carroll, qualified to vote in Town affairs:

You are hereby notified to meet at the Town House at
Center Conway, New Hampshire, March 14, 1944, at Nine
o'Clock in the forenoon to act upon the following subjects:

ARTICLE 1. To choose all necessary Town officers.

ART. 2. To see what sum of money the Town will vote
to raise and appropriate for the following purposes:

- Section A* Town Officers' Salaries
B Town Officers' Expenses
C Election and Registration
D Municipal Court
E Town Hall and Office Expense
F Damage and Legal
G Police Department
H Fire Department
I Payment on Bond Issue
J Health Department
K Vital Statistics
L Town Maintenance of Highways (Summer)
M Town Maintenance of Highways (Winter)
N Libraries
O Town Poor
P Old Age Assistance
Q Memorial Day
R Soldiers' Aid
S Parks and Playgrounds
T Interest on Bonds and Temporary Loans
U County Tax

ART. 3. To see if the Town will authorize the Select-
men to distribute the blank inventories at the time they ex-
amine and appraise the property to be taxed.

ART. 4. To see if the Town will vote to authorize the Selectmen to hire upon the credit of the Town the sum of \$60,000.00 if needed.

ART. 5. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate however acquired by the Town. This authority to continue until rescinded by some future Town Meeting.

ART. 6. To see if the Town will vote to accept Town Road Aid and raise and appropriate the sum of \$447.44 for that purpose.

ART. 7. To see if the Town will vote to raise and appropriate the sum of \$1,896.00 for Class 2 Roads, to be placed in a Trust fund for the duration of the War, for the above purpose.

ART. 8. To see if the Town will vote to raise and appropriate the sum of \$20.00 for lighting the White Mt. Airport during the winter months in cases of emergency airplane landings. Agreeable to a petition signed by Wylie L. Apte and others.

ART. 9. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for assisting in maintaining Memorial Hospital, North Conway, N. H. Agreeable to a petition signed by Harold O. Cady and others.

ART. 10. To see if the Town will vote to accept as a Town Road the road locally known as **Neighbors Row**, located in Intervale, N. H., from its junction with highway 302 to junction of private driveways of Nichols, **Zantzinger**, **Ela** and Davis. Agreeable to a petition signed by Robert N. Davis and others.

ART. 11. To see if the Town will vote to raise and appropriate the sum of \$337.18 based on 1/100 of 1 per cent of the assessed valuation for Town's share of Cooperative Participation in the White Mts. Region Association. Agreeable to a petition signed by George W. Russell and others.

ART. 12. To see what sum of money the Town will vote to raise and appropriate for Promotional Publicity to be expended and accounted for by the Eastern Slope Region, Inc. Agreeable to a petition signed by Richard L. Church and others.

ART. 13. To see if the Town will vote to raise and appropriate the sum of money sufficient to surface and tar the semi-circle roadway by the Boston & Maine Station in North Conway. Agreeable to a petition signed by George W. Russell and others.

ART. 14. To see if the Town will vote to raise and appropriate the sum of \$300.00 for Civilian Defense. Agreeable to a petition signed by George Knox, L. T. Savard and others.

ART. 15. To act upon any other business that may legally come before said meeting.

Given under our hands and seal at Center Conway, N. H., this 28th day of February, 1944.

WM. H. FARRINGTON

JOHN N. LEIGHTON

CHARLES E. DAVIDSON

Selectmen of Conway, N. H.

To the Citizens of Conway:

Once a year it is the custom to report to you the financial standing and needs of our town property. If you are money-minded you will note that \$5.75 was spent on repairs. This year the Library Trustees are asking for funds to refinish the floors. For a later saving this will be a real economy. Other repairs are needed, but they can without detriment to the building wait another year.

Exhibits this year included:

1. A Garden Exhibit sponsored by the Farm Bureau and the New Hampshire Extension Service.
2. A Group of Reproductions of Famous Paintings loaned by the State Library.

The reports of Mrs. Gertrude Snow at Center Conway, and of Miss Alice Pollard and her assistant, Mrs. Persis Berry at Conway, show in numbers, our book circulation. For a true evaluation of our Library Service you should see and know what good use has been made of the money spent on books and periodicals. A creditable cross-section of the best and newest publications are in our town libraries. As in the past the maintenance of our Library Service is due in part to friends of the Library who have given generously both books and magazines.

In this ever-changing and fast-moving civilization of our era, churches, schools and libraries are a force that balances, develops and directs our thoughts and acts. Our Public Libraries are a silent force and a steadfast power for all that is good, when we give to them and take from them the best that the World of Books has to offer.

Respectfully submitted

RUTH A. KENNETT, Secretary

Other repairs are needed, but they can without detriment to the building wait another year.

Exhibits this year included:

1. A Garden Exhibit sponsored by the Farm Bureau and the New Hampshire Extension Service.
2. A Group of Reproductions of Famous Paintings loaned by the State Library.

The reports of Mrs. Gertrude Snow at Center Conway, and of Miss Alice Pollard and her assistant, Mrs. Persis Berry at Conway, show in numbers, our book circulation. For a true evaluation of our Library Service you should see and know what good use has been made of the money spent on books and periodicals. A creditable cross-section of the best and newest publications are in our town libraries. As in the past the maintenance of our Library Service is due in part to friends of the Library who have given generously both books and magazines.

In this ever-changing and fast-moving civilization of our era, churches, schools and libraries are a force that balances, develops and directs our thoughts and acts. Our Public Libraries are a silent force and a steadfast power for all that is good, when we give to them and take from them the best that the World of Books has to offer.

Forest Fire Warden's Report

Crises like the present test the quality and sincerity of everyone's patriotism and citizenship. The times make such unavoidable demands for universal cooperation in the many lines of essential regular and emergency public endeavor that the response given may well be assumed to be the real measure of one's love of country and his appreciation of the opportunities it offers. Ranking high in the list of public endeavor is the protection of our forests from fire. It calls for full and generous cooperation by each of us. Fire statistics indicate that better than 98 per cent of all fires in New Hampshire are man-caused. If human carelessness could be eliminated from the problem, the number of fires would drop to a mere minimum of less than 2 per cent of present figures and fire costs and losses would reduce in proportion. While this goal will not be achieved because of the perversity of human nature, the record can be vastly improved through individual discipline, alertness and cooperation.

Discipline calls for personal restraint from following unrestricted natural impulses to do as one pleases with regard to fire; alertness in cautioning others against imprudent and illegal burning and in promptly reporting fires to the local forest fire warden; cooperation in complying with laws, rules, and regulations governing the kindling and care of fires, smoking, safety of mechanical units using fire in and near woodlands and assisting the local warden in extinguishing such fires as may occur.

The possibilities of disastrous and expensive woods fires are constantly becoming more real. The hurricane felled an estimated one and one-half billion board feet of standing timber, much of which was never cleaned up. To this hazard has been and is being added extensive areas of slash from additional hundreds of millions cut to produce vitally needed wood for the war effort. With the stage so set, greater caution is increasingly necessary. It will pay substantial dividends in

unburned forest areas and the saving of unnecessary fire expense.

The year 1943 was an extremely fortunate one because of favorable weather conditions. Many towns had no fires, some had minor fires while a few had expensive ones. The public controls the answer to the 1944 and future year's fire records. If the public is careful and cooperative the record will be good.

Your town warden is, perhaps, more perplexed and anxious during these war years than ever before because of increased forest fire hazards and diminishing supplies of available man-power. He looks directly to you to aid him. Will you? You can aid him most effectively by always securing the required permit before attempting to burn and by complying fully with permit requirements; by being patient when he advises of departmental restriction on permit burning or that he deems it unsafe to burn; and by giving him the needed assistance in extinguishing fires when he needs your help. To do so is to meet one real test of citizenship.

1943 FIRE RECORD — Number of fires, 1; acreage burned, 2; number fire permits issued, 7.

To the Voters of the CONWAY SCHOOL DISTRICT

This year, the school meeting will be held at the Town Hall in Center Conway on

SATURDAY, APRIL 15, 1944, AT 2:00 P.M.

In view of the possibility of changes between now and the time of the meeting, it seems advisable to omit the publication of the warrant in this, its usual position in the Town Report.

Report of Superintendent

To the School Board and Citizens of Conway:

The casual observer may not appreciate the fact that finding a teacher for every school room for every day in the year has taxed the ingenuity and resourcefulness of the school board and superintendent to the limit during the present school year. Any one is unduly optimistic who believes that this situation will grow better in the near future. Furthermore, all problems of supply and up-keep of physical equipment have become increasingly difficult. There has been also a great increase in the clerical work which has to be done in school office in connection with pay rolls, child labor, gasoline for transportation, priorities and other federal regulations. Despite all obstacles we have thus far, in my opinion, met the situation with fair success. We mention these matters because we have never before been confronted with a situation like this, and instead of a complacent faith that we can work miracles, we need from the citizens of Conway all the cooperation we can get to maintain our school system at approximately its present standard of efficiency.

The total school expenditure for the year ending June 30, 1943, was \$72,775 00. The amount called for by school board's budget for 1944-1945 is \$74,034.00.

There was a substantial balance on hand at the beginning of the current year. About \$700 of this was earmarked for bills due but not rendered. There was no special appropriation for repairs last March and we used over \$1300 of the balance to paint the grammar schools at Conway and at North Conway. We also had to have new grates cast for the furnace at North Conway and this cost about \$300. There were also some necessary repairs at the high school and at East Conway which were planned but not made because of the labor shortage.

A comparison of one year's expenditure with another year is invalidated to some degree by the fact that inventories are not included. It has been our policy in recent years to fill our coal bins to capacity and to pay for the coal before July 1. Much of the fuel used this year was paid for last year and we plan if possible to fill the bins again before July 1 and leave the fuel inventory as it was at the beginning of the year. For various reasons the inventories of text books, scholars and janitors supplies was low at the beginning of the year.

It should be understood that budgets are at best only reasoned guesses and are not final disbursements of funds. Economy is possible only through the control of expenditures. The budget, however, becomes a convenient working sheet with maximums above which the school board will not go except for emergencies. When expenditures at the end of the year are compared with the original budget estimates, there are as many underexpended as overexpended items, but the variation is not great.

The budget as presented this year is the result of a study of experience and probability. The total is high for the reason that we have to pay more for teachers, janitors, transportation, fuel and supplies of all kinds. We already have a definite percentage of inflation and if it continues its creeping progress, the time will come when it will make no difference whether we have budgets or not.

Hot lunches have been served through the winter months at the North Conway Graded school, the Conway Graded school, and at Kennett High school. The Conway P. T. A. deserves mention for its successful program in the local school. Appreciation is also expressed to the Domestic Arts department in Kennett High school, and to numerous parents at North Conway who have cooperated with the teachers in preparing the hot lunches.

At the Shirley school in East Conway there have been

40 pupils distributed throughout all eight grades. As Artemas Ward might have said: "This is 2 much." My predecessor and myself worked without success on the problem of a teacher for this school until late August when Mrs. Elizabeth Richards of Andover, Maine, with commendable courage accepted the position. She has made a success of a most difficult situation which we have made a little better by dividing the school and having school for the upper grades in the forenoon and for the lower grades in the afternoon. It is not an ideal solution and I wish to commend the parents at East Conway for the understanding and cooperation which have been in evidence all through the year.

There have been a considerable number of violations of the child labor laws by individuals who ought to know better. High school pupils in good standing in their classes may be excused by the principal a week at a time for planting and harvesting, but those who hire grade school children to work during school hours are not only violating the law but denying the child's right to complete educational opportunity.

Respectfully submitted,

JOHN H. FULLER

Conway, Feb. 18, 1944.

Report of Headmaster

Mr. John H. Fuller
Superintendent of Schools

Dear Sir:

I submit the following brief report of Kennett High School for the past year.

Last June a class of 36 was graduated. Eleven are already in or are awaiting call to the armed services as follows: 3 in the Navy V-5 Program, 5 in the Army Air Corps, 2 in the

Infantry, and 1 in the Army V-12. Three of the graduates are in nursing schools and two more expect to enter soon; three are in teachers' colleges, and two in N. H. University, 1 in Simmons, 1 in Sargent School, 1 in Harvard University, 12 are employed.

Our registration to February 1st is 195, of whom 94 are boys and 101 are girls, is distributed as follows:

- 1 Post Graduate, a boy;
- 31 Seniors: 14 boys and 17 girls;
- 45 Juniors: 21 boys and 24 girls;
- 49 Sophomores: 21 boys and 28 girls;
- 67 Freshmen: 36 boys and 31 girls.

There have been 14 discharges to date: 9 boys and 5 girls. The reasons so far as I am able to determine them, are as follows: 1 boy to the army; 1 boy to the navy; 1 girl left to go to work; 3 boys and 2 girls moved out of town; one girl and two boys left because of their own illness or that of their families; one girl and four boys left, either because they could not do the work at high school level, or because they did not care to pay the price in effort, for success. It may be noted that the registration at the same date has been three larger than that of last year, and that we have two fewer pupils.

Two hundred and eight pupil-courses are being given in English; 30 in Latin; 24 in French; 14 in Spanish; 71 in Industrial Arts; 54 in Home Economics; 149 in Science; 112 in History and Social Sciences; 123 in Mathematics; 100 in Commerce. These courses are being on the whole well taught. We have, as the citizens of the town well know, suffered a serious loss in our language department, due to the illness of Mrs. Kent. Her work has been taken over by various substitute teachers. No matter how able the substitute may be, it takes time for her to pick up the work of a class. Each teacher uses a different emphasis, and has a personal philosophy for her class, hence when teachers change frequently there must be a serious loss.

At mid-year, 47 pupils had earned honor grades of 85% or better in three or more courses. Last year, with about the same registration, the figures were 54 in 212 courses. It would seem that the quality of the work being done this year is not so good as last year. Parents should insist that all students not on the honor list do at least 1½ to 3 hours of study at home each school day.

The attendance this year has been the poorest in my experience. I could offer excuses for the record, and perchance they would be reasonable. As I urged last year, the grades earned in school are probably of less importance than the habits of promptness, application and loyalty which develop from school experience beyond the immediate classroom.

The following reports are made that the public may keep in close touch with the work in Home Economics and Industrial Arts.

PROJECTS AND WORK ACCOMPLISHED BY HOME ECONOMICS CLASSES

Sewing

Making of:

Aprons	Jumpers
Dresses	Pajamas
Slacks	Jackets
Bags	Skirts
Dickies	Knitting — socks
Blouses	Knitting — mittens

Red Cross sewing — slippers, card table covers, skirts, utility bags, slips.

Toy animals for children.

Children's clothing.

Making over clothes.

How to do the family washing and ironing.

Foods

Planning, preparing, and serving breakfasts.
 Planning, preparing, and serving luncheons.
 Planning, preparing, and serving dinners.
 Serving a luncheon to the Woman's Club.
 Study of nutrition.
 Preparing and serving teas.
 Preparation of lunch to be served at recess, for members of the school.

Home Management

Study of home mechanics (given in shop).
 Refinishing of furniture.
 Reseating chairs.
 Management of the household:
 Efficient methods of work.
 Budgeting and accounting.
 Buying for the home.
 Interior decorating.
 Appreciation of art and architecture.
 House planning and construction.
 Choosing the furnishings for the home.
 Boys' cooking class.

Family

Home nursing.
 First Aid.
 Making toy animals for children in the state hospital.
 Managing school lunch.
 Study of the growth and development of the young child.
 Care for the young child needs.
 Making clothes suited to the young child.
 Family relationships.
 Budgeting.

MARY G. FOSTER.

INDUSTRIAL ARTS REPORT

The Industrial Arts Department has made some contribution to the war effort this year as well as last year. Last June we completed our quota of model airplanes for the Navy, all planes passed the rigid inspection and were completed on time. Many games have been made and are being made for the Red Cross, these games go to hospitals for sick and wounded service men.

The Freshmen have completed colonial footstools and are now working on various projects, some of which are listed:

Ping Pong Table	Snow Scoops
Double Runner Sled	Gun Racks
Book Cases	Lamps
Tables	Wall Shelves

The Freshman class started out with 29 and still numbers 27, which is a large class. Philip Allard has willingly helped with the work by cutting out stock and general help, he is donating his time, without credit on the books. His help has made it possible to continue the entire group in the class.

The Sophomore work is varied, and many projects and fields are explored, such as: Machine Shop, Welding, Woodworking, Drawing, Art Metal Work, Forging, some Electricity and Automechanics.

The Juniors work more on Machine Shop and Metal Work. In this class we are developing and working on woodworking lathes, patterns and castings were made and the boys are now working on finishing the lathes.

The Senior class is the smallest for obvious reasons. In this class the interest lies in Woodworking, Metal Work, and Automechanics.

We like to have the boys bring in repair work as we feel that training along this line is very important.

Last June several Senior boys in Industrial Arts went to

Camp Huckins where they did much repair work on the Camp property.

We feel that the people of Conway are solidly behind us in our work and we thank you for it.

BYRON A. BERRY

Our physical education program is practically at a standstill, I believe the boys and girls are both suffering physically and from the point of morale, from this lack of direction in physical activity.

This has been a year of strain on the teachers in the school. They have been asked to carry on the full program of studies last year with one less teacher; the necessity of a substitute teacher has added further to the load. They are all doing work over and beyond that called for in the line of duty and doing it cheerfully. That the school continues to operate is a tribute to their unselfishness and loyalty.

May I again express my appreciation of your cooperation and understanding in these days of educational chaos.

Sincerely yours,

E. W. McKEEN

REPORT OF SCHOOL NURSE

The following is a summary of the health work done in the schools from September 13, 1943, to February 1, 1944:
Physical examinations done:

Dr. John Z. Shedd, North and East Conway

Dr. C. M. Wiggin, Conway and Center Conway

Number of pupils examined by Dr. Shedd	215
Number of pupils examined by Dr. Wiggin	461

Number of school visits	152
Number of home visits	73
Number of pupils vaccinated	690
Number of pupils excused by school board	2
Number of vaccinations that did not take	3
Number transported home	6
Number of pupils excluded for communicable and skin diseases:	
Chicken pox	2
Measles	2
Impetigo	2
Scabies	6

The following data explains the number of pupils having physical defects and their corrections:

<i>Type of Defect</i>	<i>No. of Pupils</i>	<i>No. of Corrections</i>
Vision	54	23
Teeth	225	107
Tonsils	73	2
Hard wax in ears	28	4
Anaemia	2	1
Pediculosis	7	7
